### Guidance

For your Statement of Intent you must provide an outline brief of your Final Major Project. This brief will normally be of your own choosing. Where the brief is set by your tutor, or where you are working on a group brief (with other students) please make sure that you cover how you will respond individually to the brief and/or your individual responsibilities/contribution to the work of the group.

You should give careful consideration to producing a focussed outline brief:

Section One:

- (i) Working title of theme of Final Major Project
- (ii) What you will work towards producing.

Section Two:

- (iii) Influences, starting points, contextual references.
- (iv) Early ideas, research and sources (it is recommended that you include a short list of research sources and bibliography).

Section Three:

- (v) Intended techniques, media, processes.
- (vi) Timescales (an action plan would be beneficial).

Section Four:

- (vii) Proposed method of evaluations (how you will critically review and analyse your FMP) – remember that for unit 9 you are required to produce a supporting statement which can be used as the focus of your evaluation.

You are advised that the bibliography and time scale may be attached to the Statement as an appendix.
