

For the attention of the Head of Chemistry

April 2005

Dear Colleague,

GCE Chemistry, June 2005 Series
Unit 6246/02: Synoptic

Now we have received your entries for the June 2005 examination series, I am writing to inform you of some changes to the format of the above question paper. For the June 2005 examination, Unit 6246/02 will be marked online. Although the requirements and demands of the question paper remain unchanged, there are some changes to the format of the paper so that it can be marked online by examiners. The changes are as follows:

- 6246/02 is now a question and answer booklet. All questions must be answered in the booklet. If candidates require additional space for any question, they must use additional sheets and fasten them to the booklet, using treasury tags, at the end of the examination.
- Where there is a choice of question, the candidates are required to indicate which question they have chosen by crossing the appropriate box. Instructions are provided in the examination paper.
- Each page has a box around the edge. Candidates must not write outside this box.

To assist you in preparing your candidates for this examination, a copy of an exemplar paper showing the revised format is enclosed.

If you require any further information, please contact our customer call centre on 0870 240 9800.

Yours sincerely

Sharon Nixon
