* The electronic entry and amendment deadline includes all entries submitted via EDI, made on Edexcel Online or SA1 spreadsheet uploaded via Edexcel Online.

** These results will be available electronically approximately five days earlier than the published deadline (via EDI and Edexcel Online only).

Note: There is no November registration deadline, however all candidates must be registered by or at the time of making their first entry. These entry deadlines are published above as the respective entry and amendment deadline depending on the method of entry (ie, electronic or paper). Failure to register your candidates at or before the deadline is likely to result in a delay or rejection of your entries for that window. If these entries are accepted you will be charged late fees on each unit ordered.

All test windows up to and including July 2007 will have results in time for the required UCAS deadline.
